2026 ACADEMIC YEAR FEE SCHEDULE AND POLICY

We offer our students a total of 40 weeks of school days per academic year with school hours from 8:30 AM - 2:45 PM (3:00 PM - 4:00 PM for CCA is optional). Our 2026 Academic Year commences on 7 January, 2026 and ends on 11 December.

Personalised Pathways, One Purpose: Unlocking Every Child's Super Power

At Dynamics International School (DIS), we believe that every child has a unique **super power** - a strength once recognised, can unlock confidence and growth. Our role is to help families discover and harness this potential through a personalised, high-touch education that adapts to each learner's profile.

To provide clarity and value, we have introduced a **tiered fee structure** that ensures every family invests in the level of support most appropriate for their child. Across all tiers, students benefit from:

- An Individualised Education Plan (IEP) with clear goals and regular progress reviews
- Small teacher-student ratios, allowing teachers to know each learner deeply
- A nurturing school culture where differences are seen as strengths

The tiers simply reflect the level of additional support a student may require ranging from **mainstream pathway with close teacher attention**, to **targeted EAL and social-emotional scaffolding with reduced therapeutic support**, through to **360° therapy-integrated wrap-around care**.

2026 ACADEMIC YEAR COURSE FEE

The current GST rate is 9% (as mandated by the government). The GST is added to the fees stated below. Should the government revise this rate in the future, we will follow the prevailing rates accordingly.

Placement into the appropriate tier is determined only after a complimentary two-day trial, combined with a careful evaluation of interviews with the student and parents, past school reports, and any other relevant assessments. This ensures each child is matched with the level of support that best fits their profile and learning journey.
